REACH DECLARATION

Dear Sir/Madam

We hereby certify the products consisting in windshield wiper systems, washer systems and DC electrical motors are fully comply with the related requirements of European Union Regulation (EC 1907/2006) concerning the Registration, Evaluation, Authorization and Restriction of Chemicals (REACH)

Registration of Substances

Under the structure of the REACH regulation, Doga is a manufacturer of "articles" to our customers. We do not manufacture "substances" or "preparations" and our articles do not involve the "intentional release of substances". We are, in all cases, classified as downstream users. Accordingly, we foresee no registration or pre-registration or Authorization requirement for the products we supplied.

Although Doga is a supplier of articles, we have completed the process of contacting our suppliers of "substances, preparations, and articles" to ensure that all necessary pre-registration/registration requirements are being met within the required timeframes.

Substances of Very High Concern (SVHC)

With regard to the requirements of Article 33 of REACH: Duty to communicate information on substances in articles. We declare that none of the SVHC's (the Candidate List of Substances of Very High Concern for authorization currently released by ECHA) is present in Doga's products (and also packaging) in quantities totaling in a concentration equal or above 0.1 % (w/w). We are regularly monitoring the continuing additions of Substances of Very High Concern (SVHC) to the Candidate List.

Annex XVII Restrictions

With regard to the requirements of article 67 of Reach: We declare that none of the substances in the conditions of restriction is present in DOGA's products (and also package). We will continue to monitor new additions to Annex XVII and will update our compliance statement as appropriate. We have evaluated that our products are compliant with Annex XVII restrictions.

If you have any questions regarding this, please don't hesitate to contact us and we will be glad to assist you.

Sincerely,

Product Engineering Director

Industrial Director
