

TECHNICAL SHEET OF BRASS PUSH-PULL SWITCHES

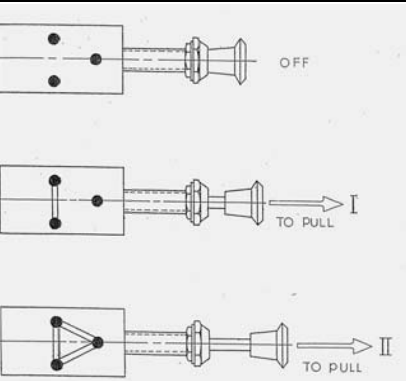

Item	Case	Knob	Voltage	Amp.	Action	Circuit	Stem (mm)	
							dia.	length
20390*	Brass	Chromed ABS	12V D.C.	20A	off/on	1	9.5	32
20391*	Brass	Chromed Brass	12V D.C.	20A	off/on	1	9.5	32
20400**	Brass	Chromed ABS	12V D.C.	20A	off/on/on	2	9.5	32
20401**	Brass	Chromed Brass	12V D.C.	20A	off/on/on	2	9.5	32
20410***	Brass	Chromed ABS	12V D.C.	20A	off/on/on	1	9.5	32
20411***	Brass	Chromed Brass	12V D.C.	20A	off/on/on	1	9.5	32

* 20390/1 When pushed, the switch is turned off. When pulled, the circuit is activated.

** 20400/1 When pushed in all the way, the switch is turned off. When pulled to the first stop, the first circuit is activated. At the second stop the first circuit is deactivated and the second circuit is activated.

*** 20410/11 When pushed in all the way, the switch is turned off. When pulled to the first stop, the first circuit is activated. At the second stop both the first circuit and the second circuit are activated.
