

Waterproof Speakers

Cabinet Series

MX – 3000AS

Description:

Clients who demand the most from their *outdoor* sound system will certainly be impressed by the new set of waterproof cabinet speaker. All units within the series feature a *two-way* arrangement for a dynamic response. Equipped with a superior 3” woofer and an ethereal 1” tweeter, MX-3000AS handle up to a maximum power of 60 watts, for Marine/Outdoor purposes.

Its applications including open-air café, attraction park, lounge, cruise ship, swimming pool, garden and school.

Integrated with special stainless U-bracket, the water resistance and moisture tolerance have been amplified significantly to a new level, to withstand

different outdoor environments. This series will grant satisfaction to clients, who are looking for intelligible, attractive and supportive outdoor loudspeaker.
